## Concrete Construction

Terazzo Concrete Construction Pty Ltd provides complete project management and professional quality concrete maintenance, replacement and construction services on commercial and industrial sites in Brisbane and south-east Queensland.

Terazzo Concrete Construction is a family-owned business which has been involved in concreting for over 85 years. We pride ourselves on our commitment to delivering an exceptional quality finished product, that will stand up to heavy duty use for many years to come, on time and on budget.

### Concrete Maintenance and Replacement

Our concrete repairs are built to last. We have experience in all kinds of repair solutions for commercial and industrial applications.

### Quick Project Turnaround

Fast curing concrete options are available, reducing or eliminating disruption to business operations.

### After Hours Operation

We can replace your concrete at any time of day, when necessary, to suit any business' needs.

### Qualified And Licensed

Our team offers complete concrete project management and concrete contracting for an all in one service.

### Quality Assured Specialists

We specialise in complete concrete replacement, not temporary fixes. We will assess and advise on the best value solution for any clients' specific needs.

Our fast setting concrete options can have your repairs completed and operational in a shorter time frame.

We are experienced in working in indoor and hygiene sensitive environments, where workplace specific standards need to be accounted for.
